Water Pump

Generator Sets

Pipes & Accesories

## HISTORY

*Established in 1987, New Shrestha Machinery Concern is involved in wholesale and retail business specializing in Water Pumps, Power Generators, Wood Working Machines, Mill Machines, and Hose Pipes.*

## INDUSTRY EXPERIENCE

*New Shrestha Machinery Concern is proud to have been fulfilling customer's expectation for more than 30 Years.*

## PRODUCT RANGE & BRANDS

*New Shrestha Machinery specialises in Water Pumps; Surface, Submersible, Jet, Dewatering, Fire Fighting and Chemical Dosing pumps. Our inclusive product range, which continues to grow through innovation and consumer demand are;*

### **SERVICES**

*We provide excellent after sales service with follow up's, in terms of technical complications we can provide assistance in our own service station located in our head office.*

### **ACHIVEMENTS/SPECIALITIES**

*New Shrestha Machinery Concern (NSMC) has been a regular exhibitor in Electrotech exhibition, Gulmi, Chitwan Mahotsav to improve public awareness, solar pump demonstrations in irrigation department about our products. We offer technical information and knowledge to the interested visitors; Engineers, NGO's/ INGO's.*

*We try to focus on the customer's need and efficiently supply quality products to our customers by directing them towards the right product choice.*

NSMC is also acknowledged as renowned wholesaler and we supply through chain network.

We often organize retailers and dealers meet to keep our retailers up to date about our products.

*The Pedrollo brand is present with its products in over 160 countries around the world and testifies everywhere to the best values of Italian entrepreneurship, where quality and reliability stand out. Requisites undoubtedly important from a commercial standpoint, and yet also simple expressions of a loftier value that has always inspired the company's activities: respect for people.*

*Pedrollo also designs and manufactures the best possible product in terms of efficiency, reliability and guaranteed originality: a result it strives for through the continuing commitment of its research and development division. It is precisely to ensure the constant improvement of its processes and products that, ever since it's founding, Pedrollo SpA has invested all the profits generated by its activity back into the company. This, too, is a real form of respect: towards customers and suppliers.*

*Established in 1965 with a cast-iron foundry, located in heart of Gujarat India. This cast-iron foundry in span of 5 decade grew to evolve into state of art high technology 150 mio USD group. ISO 9001 Certified Factory within house designed foundry which makes it a unique pumps manufacturing company producing more than 4500 variety of water pumps & Motors like Submersible Pump, Submersible Motor, Bare shaft Pump, End suction Pump, Pressure Booster Pump, Centrifugal Monoblock Pump etc... Lubi has flexibility to design and develop customized product to suite customer requirements. The Brand's aim is to provide comprehensive pumping solution with superior quality & energy efficiency and becoming a world's largest exporter. They are also committed to green environment movement by offering and continuously improving energy efficiency.*

*Pluga Pumps & Motors Pvt. Ltd., (A Franklin Electric Company) is a leading manufacturer and exporter of Submersible pumpsets, Submersible Motors Openwell Submersible Pumps, Monobloc Pumps & other water handling equipments and accessories under the registered brand name of "Pluga". The pluga pumpset range covers 3", 4", 5", 6", 7" & 8" Submersible Pumps.*

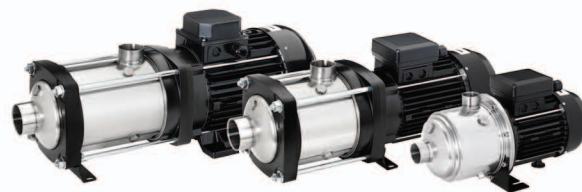

*3", 4", 5", 6", 7" & 8"  
Submersible Pumps*

*Verticle Inlan  
Multistage Pump*

*Pressure Pump System*

*Horizontal Inlan  
Multistage Pump*

*Submersible Borewell Pump*

*Agriculture Pump*

*Openwell Submersible Pump*

*Simply pump!*

Darling Pumps today has one of the widest range of Submersible Pumps... from Clear water pumping to Slurry Handling to Sea water. Darling Pumps are not only unique in designs, but are also very much user friendly & sturdy. These pumps can be effectively used for water of various types & qualities.

With its unmatched range of products, today Darling Pumps is catering to entire spectrum of applications in arena of Construction, Agricultural, Industrial, Marine, Municipal and domestic water management.

With experience of over three decades, the core expertise of Darling Pumps lies in providing customized solutions for all kind of water processes.

### Product Range consists of:

Submersible Dewatering Pumps up to 110kW

Submersible Sewage & Effluents Pumps up to 110kW

Submersible Slurry Handling Pumps up to 110kW

Submersible Waste Water Pumps up to 15kW

Submersible Turbine Pumps up to 150kW.

Submersible Clear Water Pumps up to 110kW

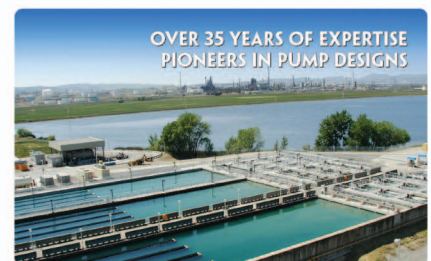

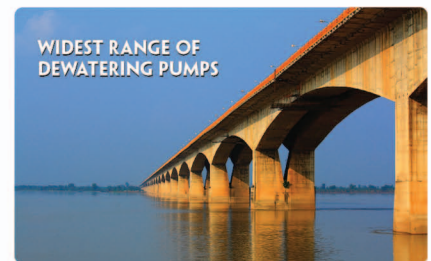

### Technical Specifications:

Head Range up to – 150 mtrs

Discharge up to – 14000 LPM

Pump Rating up to – 150kW/200HP

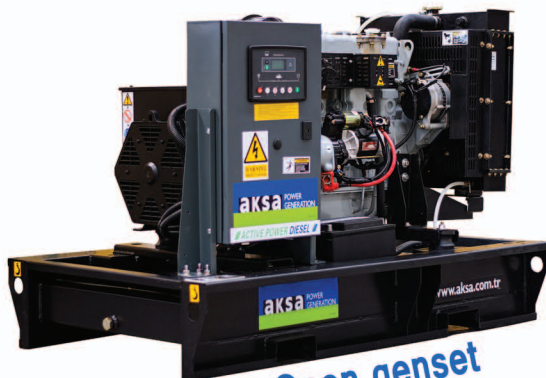

*Aksa Generators manufactures gasoline, diesel, natural gas powered gensets, marine generating sets, lighting towers and generating sets hardware. Aksa is one of the biggest generating sets manufacturer of the world with its continuous investments. For the development of Aksa. The Company's mission is to follow technological developments attentively, manufacture generating sets that fully respond to their customers' needs and make sure that the customers keep living life uninterruptedly.*

## DIESELgenset

**AKSA**  
**POWER**  
YOUR  
GENERATION  
**FUTURE**

Power By:

Meeraco diesel generating sets are powered by the renowned Meeraco diesel engines conforming to the latest CPCB emission norms, are environment friendly and engineered to run under strenuous conditions. Meeraco diesel generating sets, powered by Meeraco engines of A Series, are rated at 1500 RPM. The engines are radiator cooled, four stroke and multi-cylinder, conforming to BS 5514 / ISO 3046 / ISO 8528.

Meeraco manufacture's diesel engines in the range from 14 H.P. to 180 H.P, in configuration of 2/3/4 and 6 cylinders. These engines are based on European technology and are compact, fuel efficient & high on quality. They have their engine manufacturing facility at Ludhiana (Punjab) with a very modern infrastructure for machining / assembly / testing of engines along with an experienced team of industry experts who provide a strong foundation to their engines design & manufacturing and organization.

*Diesel Engines*

*Canopy Genset*

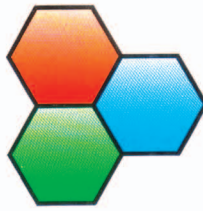

*Open Genset*

The genset manufacturing facility is located at Jammu (J&K) & Ludhiana (Punjab) with a total manufacturing capacity of 4000 gensets per year. All genset are packaged in sound proof enclosures & are certified for sound as per CPCB standards ISO: 3744.

From 10KVA to 250KVA we manufacture genset with MEERACO engines and 300KVA to 630KVA the company has a tie up with Volvo Penta of Sweden and offer gensets with Volvo engines, for varied commercial and consumer applications.

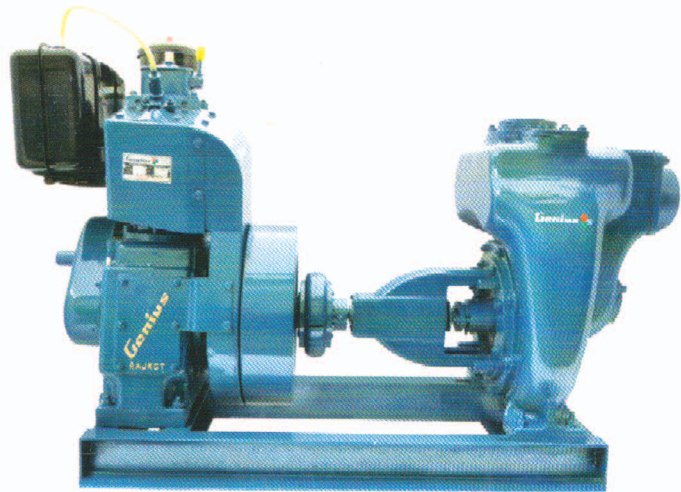

# Genius

*The Legend.....  
Always Ahead*

*These pumps are designed to pump mud, slurry, sewage and thick liquids that have the ability to flow . The pump are designed for use with non-flammable liquids which are compatible with pump component materials.*

INVT, established in 2002, is committed to be the globally leading and respected provider for products and services of industrial automation and electric power. INVT is a national-level high-tech company with nine subsidiaries, whose business involves AC drive, industrial control, new energy, rail traction, servo and motion control, energy management, building intelligence system, etc.

## Sunhose lay flat, Suction and Delivery Hose

*Sunhose Industrial Company Limited is a professional manufacturer and exporter of PVC and Rubber Hose. With state of the art equipment and innovative technologies, Sunhose is ready to deliver the next generation of hose and tubing to its customers. New Shrestha Machinery Concern supplies the brand's products to its end customers.*

*Suction Hose Pipe Size: 1'', 2'', 3'', 4''  
Lay Flat PVC pipe: 3'' 4'' 6''*

## VALVES AND FITTINGS

- 🔧 *Ball Valve*
- 🔧 *PPR Joint Pipe*
- 🔧 *Bib Cock (Light, Heavy)*
- 🔧 *Non Return valve*
- 🔧 *Butterfly Valve*
- 🔧 *Gate valve*
- 🔧 *Many more valves*

*DRP is the countries leading manufacturers of Bronze, Brass, Cast iron & Stainless Steel, Valves. They have expert knowledge and experience in design and manufacture of valves for water, oil, steam and gas needs*

## Applications

- **Cement Plants**
- **Sugar Mills**
- **Textile Plants**
- **Paper & Jute Plant**
- **Power Plant**
- **Fertilizer Plant**
- **Steel Plants Water Works**
- **Boilers**

*..also indeed at any place where water, Steam or any liquid flows in pipes.*
